no employ fee until more  
demand happen.

Motor	\$10
Sensor	\$10
Saw	\$5
Plastic for the cover	\$5
Cable	\$0.5
Initial fee(including assembling)	\$34.4
Sale price	\$50

# Advertisement and Target Audience

Place for the advertisement is Youtube about 20cent for each view and we want to advertise for 150,000 time in U.S.

2units per influencer and give it to 100 people it is 6880 more debt

We owe:\$43880

We just have to sell 3.08k product to pay back what we have put in so it is not a bad investment

Target audience: adult

Type:Cosmetic tool

We are going to cover delivery fee which is \$4.49 per unit so profit each unit is about \$11.

## Why we made this

We cutted our finger by the fingernail cutter so we chose we do not want that anymore which made us make a auto fingernail cutter which will make no more finger cut by analog fingernail cutter.

Our offer is 5% of the companies stock and 50K

Our product will be sold steady for long time it will be more like hair brush than the instant hit thing.
